

The Battle of Naseby took place north of the A14 on 14th June 1645

Village link villagers cycle route

A suggested cycling route to take in all of the Village Link villagers to challenge your legs from the high point of Cold Ashby to the beautiful descent into Cottesbrooke.

This circular route means that everyone can start and finish at their own village. The route is 15 miles long and yes there are some hills to tackle, so if you think it's going to be too much for you why not use the map to plan a route that you can do over two separate days (or more).

The route is on quiet country lanes not busy roads but please be safe! Check your bike is in good condition, especially the brakes.

These little arrows indicate a climb up.

There are less hills if you go clockwise!

Wear something bright, and a helmet
